Q30 Now, I'm going to read you two short descriptions of what some people are thinking these days when it comes to government and the economy. Please tell me if you strongly agree, mildly agree, feel neutral about, mildly disagree, or strongly disagree with each set of ideas. (ROTATE)

The current economic structure of the country is out of balance and favors a very small proportion of the rich over the rest of the country. America needs to reduce the power of major banks and corporations and demand greater accountability and transparency. The government should not provide financial aid to corporations and should not provide tax breaks to the rich.

| Feel neutral. | 9 |
| Mildly disagree. | 6 |

The national debt must be cut significantly by reducing spending and the size of government, including eliminating some federal agencies and programs. Regulations on business by the federal government should be reduced and instead, the private sector and individuals should have greater control. The government should not raise taxes on anyone.
